INTENSIS

color art

Colouring and after-colouring haircare

Active ingredients:

- **Macadamia oil**
– rich in essential fatty acids, vitamins A, D, E, minerals, and lecithin. Since it ensures hair nourishment and protection during the colouring, it is a great ingredient to include in hair dye.

- **Noni or Indian mulberry**
– is a source of vitamins, iron, provitamin A and amino acids. Noni facilitates the hair cuticle reconstruction on a cellular level and stabilizes the pigment.

Permanent colour cream

- Due to the macadamia oil in the hair dye, your hair will be perfectly conditioned, shinier, more elastic and free from damage.
- It helps you to obtain a deep and lasting colour from a rich collection of over 100 shades.
- 100% grey hair coverage.

Volume	Box	Euro Pallet

PROTEIN THERAPY
KERATIN COMPLEX

treatment for dry, damaged, high and medium porosity hair

Active ingredients:

■ **Silk proteins**
– since they are similar to proteins found in the skin and hair, they are highly recommended for haircare treatment. Often called „liquid hair," they can penetrate both damaged and undamaged hair, increasing and retaining the effect of deep moisture.

■ **Keratin hydrolysate**
– is a compound with a larger efficiency to permeate the cortex of the hair. By embedding into the damaged spots of the hair cuticle, it makes the hair stronger, thicker, and voluminous again.

hair BIOTIC trichological system

Anti-hair loss treatment

Active ingredients:

- **Procapil**
– limits the production of dihydrotestosterone (a hormone that accelerates hair loss) and contains apigenin, a natural flavonoid that increases the vascularisation of the hair follicles. It improves the quality of keratin-producing keratinocytes and stimulates the production of anchoring molecules.
- **Tricorexina**
– regulates the hair cell metabolism, stimulates the synthesis of fibroblasts producing collagen – a structural protein that increases the strength of hair and scalp. It inhibits oxidation of keratinocytes and protects them by raising their resistance to free radicals.

Rub-on conditioner for scalp

- The product is an excellent solution for those struggling with the problem of excessive hair loss, as well as weak and brittle hair.
- Procapil strengthens the anchoring of the hair to the dermal papilla, improves microcirculation and stimulates hair growth.
- Tricorexina supports the production of keratin and accelerates hair growth.
